

Instructors will hold students accountable for honoring the clearance requirement by requiring them to submit or upload a Compliance Detail Report from their American DataBank account showing each clearance, valid through the entire term, at the start of each course that has a field observation component. A sample report appears below. Note that each of the clearances is listed with its status and expiration date.

Any questions about this requirement can be directed to the to the Certification Officer/Compliance Specialist (267-341-3673).
